

Technical setup

v1

for Oral Presentations, Keynotes, Lightning Talks

Room

Curt Sachs Hall

WiFi

Network: Password-protected; login details will be provided on-site

Video projection

Video input: The organiser's Laptop
(unless otherwise agreed see notification email)
File format: pptx, pdf; Lightning Talks only pdf; fonts must be embedded
Connectivity: HDMI
Resolution: WUXGA (1920 x 1200), DAR 16:10; full HD (AR 16:9) will work

Speech reinforcement

Audio input: Wireless mic (choose between handheld or headset)
Audio playback: 2 x Beam steering speakers (RH ICL F RD)

Music reinforcement

Audio input: The organiser's Laptop
(unless otherwise agreed, see notification email)
File format: pptx; wav, mp3, & mp4 via internet;
we strongly recommend embedding audio and video files rather
than relying on the performance of the WiFi/internet connection
Connectivity: Bluetooth, Mini jack, XLR
Audio Playback: 2 x Fullrange Speaker (Yamaha DZR12), Subwoofer (RH 112 RD)

Recording

All sessions are recorded in sound and video
